EDUCATION

Hopewell Valley Central High School

Pennington, NJ

Junior (Class of 2027)

Academic Statistics: 4.65 W, 3.96/4.0 UW GPA | 1550 SAT (790M, 760R)

Honors: AP Scholar w/ Honor | USACO Silver | National French Exam 2x Medalist (Silver, Gold) | Presidential Service Award Gold (2025) | Leetcode top 10% contest rating (400+ problems) | HackerRank ProjectEuler+ top 5% | Mu Alpha Theta | NHS | SNHS

Relevant Coursework: AP Statistics, AP Calculus BC, AP CSP, AP CSA, Calculus III, AP Physics 1

TECHNICAL PROJECTS

IU DataViz Competition

2nd Place Submission

March 2026

- Geospatial analysis of NCAA basketball fan travel patterns using Python.

PLForecast

Personal Project

December 2025 – February 2026

- Prediction model deployed with streamlit, 300+ total users; used Python and EPL match data; applied 10k Monte Carlo simulations and ELO power rankings — Influenced graduate student to create a similar project.

Algorithmic Trading Simulator

Veritas AI

July 2025 – August 2025

- Built supervised ML trading environment in Python; achieved MSE/MAE < 20 on 1,200 data points.

LEADERSHIP & ACTIVITIES

Vice President and President — Student Council

September 2025 – Present

- Raised \$8k for Homecoming; organized food drive collecting 300+ items; hosted pep rallies, events, and spirit weeks.

Executive, Technical Director — Minorities in STEM

December 2025 – Present

- Lead 200+ volunteers; Impacted 100k+ individuals; partnered with NSRI to provide Ivy-level research mentorship; 2k+ followers on all platforms, \$3k+ raised; hosting hackathons, events, and curriculum development

Mu Alpha Theta President

May 2025 – Present

- Leading 50+ members, delving into the beauty of math. Hosted guest speakers and lessons about various math topics.

Co-Leader — Scholars United Initiative

September 2024 – Present

- raised \$1k for underserved students; 300+ volunteer hours across members this year, 90+ personally

EXPERIENCE

Researcher @ iSchool

Urbana-Champaign, IL

April 2026 – Present

- First and lead student collaborator on a restricted police-training spatial memory system at UIUC iSchool with Prof. Yun Huang

Computational Biology Researcher

YCRG-Labs

February 2026 – Present

- Researching ML methods for scientific discovery, focusing on novel immunotherapy approaches.

Google-Sponsored Research Assistant

U Michigan-Flint

November 2025 – Present

- Collaborating with a Google SWE, Prof. Hua Ming, and a graduate team on Kotlin compiler research for scalable software.

Human-Centered AI Researcher

Junior Academy

February 2026 – April 2026

- Developed Ensemble ML framework to stabilize BCI signals for smooth prosthetic control; mentored by a Dartmouth PhD.

WULA Camp Counselor

June 2024 – July 2024

- Led daily Scratch and math lessons for 30+ campers. Only student staff member to lead technical curriculum.

SKILLS

Python, R, Java, C++, TensorFlow/Keras, scikit-learn, pandas, NumPy, Beautiful Soup, Streamlit, Seaborn, Matplotlib, Git, VS Code, Jupyter

ADDITIONAL

Piano, ABRSM Grade 8 (11+ years), performed at Carnegie Hall 3x
